

Camper's Corner

Camper's in the Classroom

The first thing that I liked about the environment is how every teacher and helper does their best for us. It's a warm, funny and comfortable place, just like a big family.

To be honest, before I came on this trip, I was afraid of being lonely as I am the only person from my grade coming to this camp. I knew nobody before I arrived to Canada. However, I know 4 very nice teachers here and 3 talented chefs. All the campers are so sociable and we became friends easily.

Going Treetop Trekking

Global leadership was emphasised throughout the camp and activities like volunteer work allowed campers to gain hands-on experience.
